ISHWORCHANDRA SANJRAM
FRONTEND DEVELOPER

EDUCATION

- Higher Secondary Certificate (HSC), Sanatombi Oriental English School.
- 12th Standard, MeM Higher Secondary School.
- Pursuing Bachelor of Computer Applications (BCA), Indira Gandhi National Open University (IGNOU) - Distance Learning.

PROJECTS

E-commerce Project: Developed a fully functional e-commerce website with features like product listing, cart management, and payment gateway integration.

Login-Signup Project: Built a secure login-signup system with features like user authentication, password hashing, and session management.

Tic-Tac-Toe Project: Created an interactive Tic-Tac-Toe game with features like game logic, AI opponent, and score tracking.

Memory Game Project: Developed a memory game with features like card flipping, matching logic, and score tracking.

Loading from API Project: Built a project that fetches data from a public API and displays it on the frontend with features like data parsing, error handling, and loading animations.

SKILLS

- Programming Languages: HTML5, CSS3, JavaScript, TypeScript.

- Front-end Frameworks: React, Angular.

- Libraries and Tools: API, VSCode, Figma, Git.

- Content Management Systems: WordPress, Drupal.

- Operating Systems: Windows, macOS, Linux.

- Familiarity with accessibility guidelines (WCAG 2.1) and security best practices.
